

September 8-11, 2015, Luxembourg

Track Program Committee

- Esteban Arroyo, Helmut-Schmidt-University, Germany
- Mike Barth, HS Pforzheim, Germany
- Salvatore Cavalieri, Univ. of Catania, Italy
- Christian Diedrich, ifak Magdeburg, Germany
- Rainer Drath, ABB Corporate Research, Germany
- Elisabet Estévez, Univ. de Jaén, Spain
- Cesare Fantuzzi, DISMI, Italy
- Alexander Fay, Helmut Schmidt University Hamburg, Germany
- Georg Frey, Saarland University, Germany (Co-Chair)
- Tobias Jäger, Siemens AG, Germany
- Sirkka-Liisa Jämsä-Jounela, Aalto University, Finland
- Wolfgang Kastner, TU Wien, Austria
- Marcus Keane, National University of Ireland, Ireland
- Seppo Kuikka, Tampere University of Technology, Finland
- Arndt Lüder, Otto-von-Guericke Universität, Germany
- Marga Marcos, University of the Basque Country, Spain
- Oliver Niggemann, Univ. of Applied Science Ostwestfalen-Lippe, Germany
- Ileana Ober, Université de Toulouse, France
- Marc Pantel, University of Toulouse, France
- Carlos E. Pereira, Univ. Federal do Rio Grande do Sul, Brazil
- Federico Pérez, University of the Basque Country, Spain
- Stefan Runde, Siemens AG, Germany
- Silvia Satorres, Jaén University, Spain
- Thilo Sauter, Danube University Krems, Austria
- Seppo Sierla, Aalto University, Finland
- Mario de Sousa, Porto Univ., Portugal
- Kleanthis Thramboulidis, University of Patras, Greece
- Teemu Trujillo, VTT, Finland
- Salvador Tommila, IKERLAN-IK4 Research Centre
- Leon Urbas, TU Dresden, Germany
- Birgit Vogel-Heuser, TU Munich, Germany
- Valeriy Vyatkin, Luleå University of Technology, Sweden
- Michael Weyrich, University Stuttgart, Germany
- Martin Wollschlaeger, TU Dresden, Germany
- Alois Zoitl, fortiss GmbH, Germany (Co-Chair)

Call for Papers

Track 1. Information Technology in Automation

Track Co-Chairs

Georg Frey, Saarland University, Saarbrücken, Germany, georg.frey@aut.uni-saarland.de
 Alois Zoitl, fortiss GmbH, Munich, German, alois.zoitl@fortiss.org

Focus of the Track: Track 1 is focused on the development, adoption and application of information technology for automation systems.

Topics within the scope of the track

- IT Modeling Techniques (e.g., Object-Orientation, Components, Agents, Services) for Automation Systems
- Model Driven Development and Model Based Engineering in Automation and Mechatronic Systems (e.g., UML, SysML)
- Data Modeling (e.g. CAEX, AutomationML, OPC UA, ISO 15926) along the Plant Life Cycle
- Domain Specific Modeling and Programming Languages (e.g. IEC 61131, IEC 61499)
- Knowledge-Based Systems, Ontologies and Semantic Web in Automation Systems
- IT Architecture techniques (e.g. Virtualization, Cloud computing, Big Data) in Automation Systems
- Vertical Integration, Integration with MES and ERP Systems (Databases, Semantic Web Services)
- Device and system integration technologies
- Energy Management in and by Automated Systems
- Engineering Methods for Distributed Automation Systems and Cyber-Physical Systems
- Software Reuse, Software Product Lines, and other Software Engineering Methods in Automation
- Agile Software Development in Automation
- Dynamically Reconfigurable, Adaptive, and Emergent Automation Software/Systems
- Security and Safety in Factory, Energy, Home and Building Automation
- Case Studies and Application Reports especially from: (1) Digital Factory, Smart Manufacturing, Web-of-Things in the Factory Line, (2) Home and Building Automation, (3) Renewable Energy Systems and Smart Grids (Production and Integration)

Aim: The aim of the conference is to bring together researchers and practitioners from the industry and academia and provide them with a platform to report on recent advances and developments in the newly emerging areas of technology, as well as actual and potential applications to industrial and factory automation.

Solicited Papers: Research papers reporting on new developments in technological sciences. Industry and development papers reporting on actual developments of technology, products, systems and solutions. Tutorial and survey papers. Work-in-progress papers. In addition, ETFA 2015 solicits special session proposals to stimulate in-depth discussions in special areas relevant to the conference theme. Please consult the conference web page for more details.

Conference Format: The conference will comprise multi-track sessions for regular papers, to present significant and novel research results with a prospect for a tangible impact on the research area and potential implementations; work-in-progress (WIP) sessions; panel discussions on the state-of-the-art and emerging trends, involving leading experts from industry and academia; and public discussion sessions moderated by leading experts in the field of industrial automation systems.

Submission of Papers: The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress and Industry practice papers – limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site.

Best Paper Award: Best paper awards in Factory Automation and Emerging Technologies will be presented at the conference banquet dinner.

Further Information: ETFA2015 Conference Secretariat: Tel.: +352 / 46 66 44-5810; Fax.: +352 / 46 66 44-5200; Email: etfa2015@uni.lu

Paper Acceptance: Each accepted paper must be presented at the conference by one of the authors. The final manuscript must be accompanied by a registration form and a registration fee payment proof. All conference attendees, including authors and session chairpersons, must pay the conference registration fee, and their travel expenses.

No-show Policy: The ETFA2015 Organizing Committee reserves the right to exclude a paper from distribution after the conference at IEEE Xplore if the paper is not presented at the conference.

Author's Schedule:

Deadline for submission of regular and special sessions papers:	April 15, 2015
Notification of acceptance of regular and special sessions papers:	May 15, 2015
Deadline for submission of work-in-progress papers and Industry practice:	May 20, 2015
Notification of acceptance of work-in-progress papers and Industry practice:	June 20, 2015
Deadline for submission of final manuscripts – regular and special sessions:	July 1, 2015
Deadline for submission of final manuscripts – work-in-progress papers and Industry practice:	July 1, 2015
